Sendai Framework Monitor Training and Learning

6th Meeting of Expert Group on Disaster-related Statistics in Asia and the Pacific
Bangkok, 23-25 April 2019

SFM Training

Regional workshops
Initial Regional Workshops conducted targeted NDMOs & National Statistics Offices from member states, and regional organizations.

National workshops
National workshops attempt to include all national partners from Government, and others stakeholders identified by Government such as academic, NGOs and private sector.

Feedback
Feedback and evaluation of workshops has been positive with:
• Advice that countries like the linkages with the SDGs
• Countries like the online reporting links to national DesInventar Damage and Loss Databases

UNISDR Work with Countries in Asia & the Pacific

Training covered linkages to SDGs and National Damage and Loss Databases, Orientation to and hands-on training using a Learning Version on the actual Monitor.

A total of 29 x Countries (19 Asia, 10 Pacific)

Regional Partners and UN agencies were included to assist in supporting Countries and multiplying UNISDR outreach.

E-Learning

Learn to use the online Sendai Framework Monitor to report on global and national implementation progress of the Sendai Framework for Disaster Risk Reduction 2015-2030.
E-Learning

- Launched on 24 January 2019
- Joint initiative of ADPC and UNISDR
- Over 380 students enrolled to date
- Discussion board allows for feedback from students on both the Monitor and the E-Learning
- Looking at interpretation into Spanish, Arabic and Russian at the moment
- Positive feedback received so far
- Improved E-Learning course hopefully launched later in 2019
